SANDAG

The 18 cities and county government are SANDAG serving as the forum for regional decision-making. SANDAG builds consensus; plans, engineers, and builds public transit; makes strategic plans; obtains and allocates resources; and provides information on a broad range of topics pertinent to the region's quality of life.

ARRESTS 2009: LAW ENFORCEMENT RESPONSE TO CRIME IN THE SAN DIEGO REGION

INTRODUCTION

The Criminal Justice Research Division of the San Diego Association of Governments (SANDAG) functions as the Clearinghouse for criminal justice information for the region. On an annual basis, the Division prepares a report on local criminal justice agencies' response to crime in the region, as measured by arrest statistics. Such information provides an added dimension to our bi-annual reports on crime data for understanding the nature of crime and an additional measure that can be used in justice system planning.

This CJ Bulletin includes regional arrest rates per 1,000 adult and juvenile population, as well as numbers of arrests by offense type. In addition, 42 supplemental tables, which include statistics for individual jurisdictions, are presented.

Some points to remember when interpreting these numbers include:

- Similar to how the FBI counts reported crimes, the offense or charge attributed to an arrest may reflect only the most serious out of a number of violations included in the case.
- Arrests are documented by the location at which the arrest occurred and cannot be assumed to have any relationship to the location of the crime incident or the residence of the alleged offender.
- Arrest and crime rates and numbers should not be compared to one another. One reason is that the two events may occur in two entirely different periods of time, with an arrest made months or even years after the related crime has been reported.

ARRESTS BY THE NUMBERS

266: Average number of adults arrested every day in the San Diego region.

48: Average number of juveniles arrested every day in the San Diego region.

1 in every 2: How many adult arrests were for an alcohol- or other drug-related violation in 2009.

92: Percent increase in number of juvenile arrests for truancy in 2009 compared to 2008.

33: Percent of adult arrests in 2009 of someone between the ages of 18 and 24.

15: Percent of adult population estimated to be between the ages of 18 and 24.

1 in every 4: How many arrests for a property crime were someone under the age of 18.

OTHER ARREST TRENDS/ STATISTICS FROM 2009

- The 2009 adult arrest rate of 40.1 per 1,000 adults represented a ten-year low.
- While the 2009 juvenile arrest rate of 52.1 was not a ten-year low, it was 19 percent lower than it was in 2000.
- Compared to the state overall, fewer adults and more juveniles were arrested, per capita.

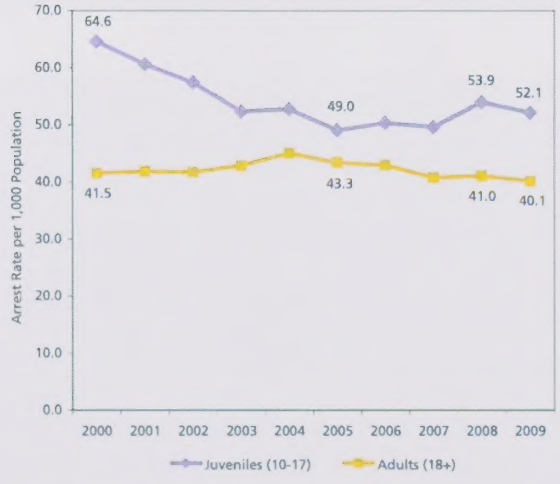
ARREST RATES

Trends

In 2009, there were 40.1 adults arrested per 1,000 population. As Figure 1 shows, this rate represented a new ten-year low. Across the jurisdictions, the adult arrest rate varied from 15.8 to 76.7 in 2009, with ten jurisdictions reporting a higher rate and nine a lower rate, compared to 2008 (Table 7). Jurisdictions with higher arrest rates in 2009 attribute recent increases to proactive enforcement activities targeting specific crimes such as driving under the influence.

The arrest rate for juveniles has traditionally been higher than for adults and recently has shown more fluctuation, increasing and decreasing annually to some degree since 2004 (Figure 1). Across the jurisdictions, the juvenile arrest rate varied from 14.7 to 107.5 in 2009, with nine of the agencies reporting one-year decreases; eight one-year increases; and for two, the number of arrests was too small to compare (Table 10).

Figure 1
2009 ADULT ARREST RATE LOWEST IN PAST TEN YEARS



SOURCES: California Department of Justice; SANDAG

Felonies and Misdemeanors

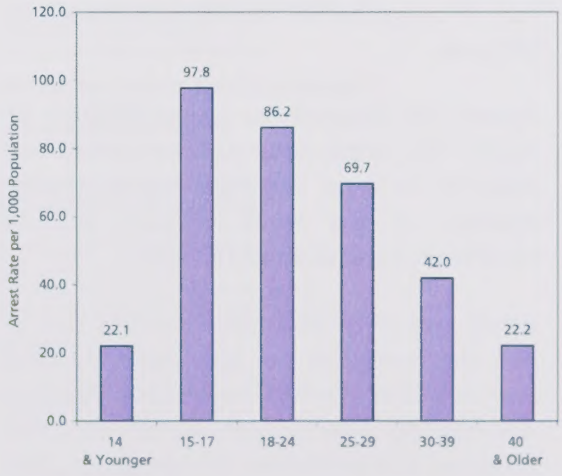
For both adults and juveniles, the felony and misdemeanor arrest rates decreased over the past year. For adults, these decreases were similar in magnitude at 1 percent for felonies (from 11.4 to 11.3) and 2 percent for misdemeanors (from 29.6 to 28.9) (Tables 8 and 9). For juveniles, the felony arrest rate decreased 13 percent (from 16.2 to 14.1) and the misdemeanor rate by 5 percent (from 27.1 to 25.7) (Tables 11 and 12).

Arrestee Age and Race

As Figure 2 shows, the arrest rate by age group peaks for 15 to 17 year olds (97.8 per 1,000), and then declines, from 86.2 for those between the ages of 18 to 24 to 22.2 for those 40 years of age and older. Over the past year, the arrest rate decreased for each of these six age groups (from <-1% to -8%) (Table 2).

Arrest rates also varied by ethnic group for both adults and juveniles, with individuals of "other" ethnicities having the lowest rate (18.3 and 21.8, respectively), while Blacks had the highest rate (123.9 and 125.2). Over the past year, the arrest rate decreased for each of the ethnic groups (from -1% to -4%) (Table 3).

Figure 2
ADULT ARREST RATES LOWER FOR OLDER AGE GROUPS

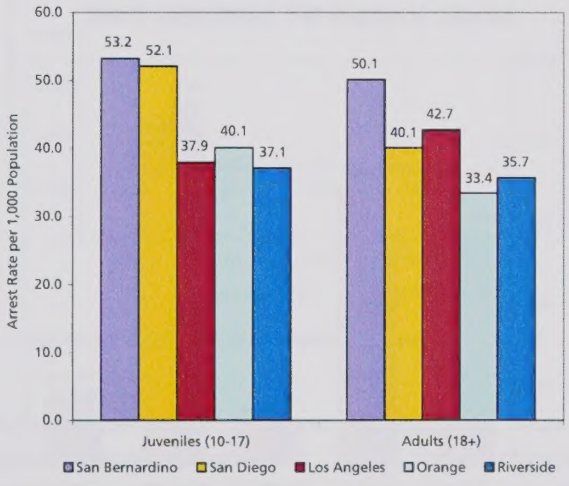


SOURCES: California Department of Justice; SANDAG

SAN DIEGO COMPARED TO OTHER CALIFORNIA COUNTIES

In 2009, San Diego County had an adult arrest rate (40.1) that was lower than the State's (44.0). However, the region's juvenile arrest rate of 52.1 was higher than the State's (45.1) (Table 6). In addition, as Figure 3 shows, San Diego County had the second highest juvenile arrest rate and the third highest adult arrest rate, compared to the other four most populated counties in the State (San Bernardino, Los Angeles, Orange, and Riverside). Over the past year, all of the five counties had a decrease in their arrest rates (ranging from -2% in San Diego to -11% in San Bernardino) (Table 6).

Figure 3
SAN DIEGO COUNTY HAD SECOND HIGHEST JUVENILE ARREST RATE AND THIRD HIGHEST ADULT ARREST RATE IN 2009

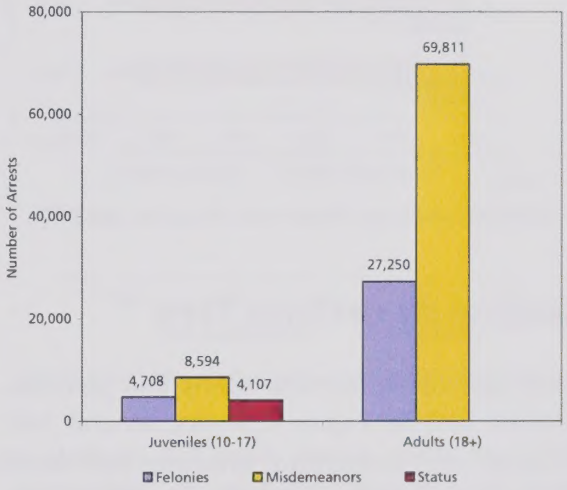


SOURCES: California Department of Justice; SANDAG

NUMBER OF ADULT AND JUVENILE ARRESTS

Even though juveniles have historically had a higher arrest rate per 1,000 population compared to adults (Figure 1), it is important to note that many more adults are actually arrested. In 2009, there were 97,061 adult arrests and 17,409 juvenile arrests, with the majority of these at the misdemeanor level (Figure 4 and Tables 14 and 27). In other words, on average, there were almost 266 adults and around 48 juveniles arrested by local law enforcement agencies every day in 2009 in the San Diego region (not shown).

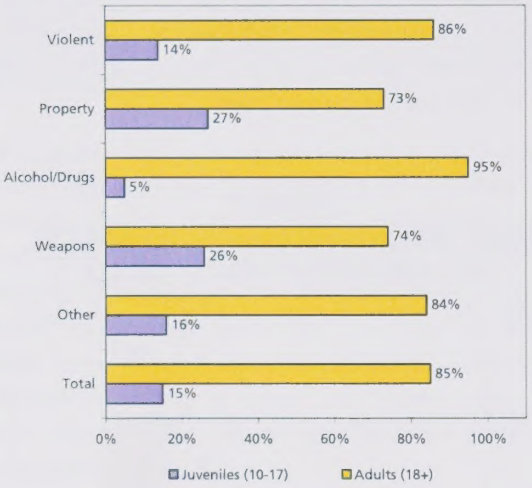
Figure 4
MOST ARRESTS IN 2009 WERE ADULTS FOR MISDEMEANOR OFFENSES



SOURCES: California Department of Justice; SANDAG

As Figure 5 shows, while 15 percent of all individuals arrested in 2009 were juveniles, there was variation by crime type, with juveniles more likely to be arrested for property offenses (27%) and weapons offenses (26%), and less likely to be arrested for alcohol- and other drug-related offenses (5%).

Figure 5
JUVENILES REPRESENT HIGHER PROPORTION OF ARRESTS FOR PROPERTY AND WEAPONS OFFENSES



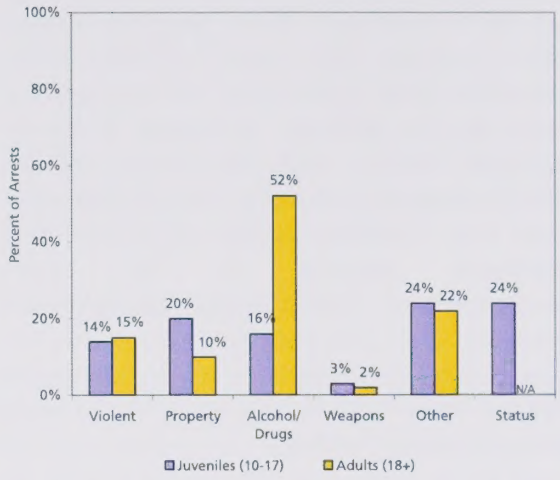
SOURCES: California Department of Justice; SANDAG

ARRESTS BY OFFENSE TYPE

What types of crimes are adults and juveniles arrested for? As Figure 6 shows, around half (52%) of adult arrests were for alcohol- or other drug-related violations. In comparison, the distribution across crime type varied more for juveniles, with the most common being status offenses (24%) and "other" offenses (24%).

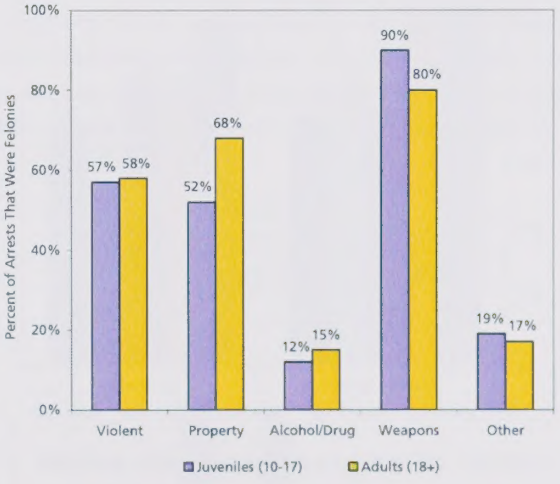
There was also variation across the arrest categories in terms of what percent represented felony- versus misdemeanor-level offenses. As Figure 7 shows, while four-fifths or more of juvenile and adult arrests for weapons offenses were at the felony level (90% and 80%, respectively), a much smaller percent were felonies in the alcohol/drug (12% and 15%) and "other" offense categories (19% and 17%).

Figure 6
ADULTS MORE LIKELY TO BE ARRESTED FOR ALCOHOL- AND OTHER DRUG-RELATED OFFENSES



SOURCES: California Department of Justice; SANDAG

Figure 7
PERCENT OF ARRESTS AT THE FELONY LEVEL VARIES BY OFFENSE TYPE

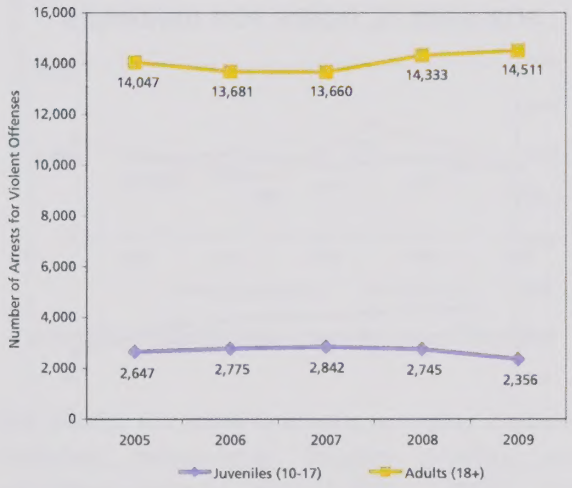


SOURCES: California Department of Justice; SANDAG

Violent Offenses

The violent offense arrest category includes four felony-level offenses (homicide, rape, robbery, and aggravated assault) and two misdemeanor-level offenses (manslaughter and assault/battery). There were 14,511 adult and 2,356 juvenile arrests for violent offenses in 2009 (Figure 8). For adults, there was 1 percent more violent arrests in 2009, compared to 2008 (Table 21). In contrast, there were 14 percent fewer juvenile violent arrests in 2009 than 2008 (Table 34).

Figure 8
ARRESTS FOR VIOLENT OFFENSES UP FOR ADULTS, DOWN FOR JUVENILES



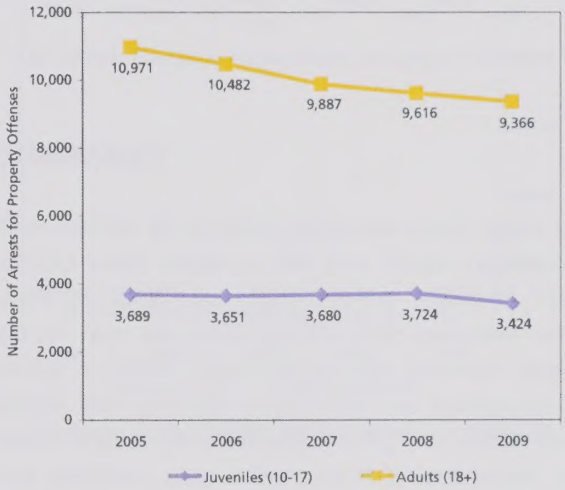
SOURCES: California Department of Justice; SANDAG

Across the violent arrest categories, fewer adults were arrested in 2009 for homicide (-6%), rape (-7%), and aggravated assault (-5%), but a greater number were arrested for robbery (10%) and misdemeanor manslaughter/assault and battery (7%) (Table 22). For juveniles, fewer arrests were made in each of the categories with more than 30 incidents (from -4% to -24%) (Table 35).

Property Offenses

Property offenses include burglary, larceny, and motor vehicle theft at the felony level, and petty theft and burglary at the misdemeanor level. In 2009, there were 9,366 adults arrested for a property offense, which represented a 3 percent drop from 2008 and the fifth consecutive decrease (Figure 9 and Table 21). For juveniles there was an eight percent decrease from 3,724 in 2008 to 3,424 in 2009 (Table 34).

Figure 9
FEWER ADULT AND JUVENILE ARRESTS FOR PROPERTY OFFENSES IN 2009



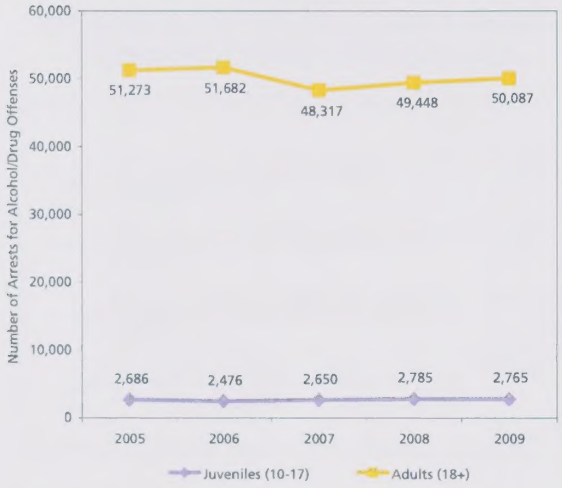
SOURCES: California Department of Justice; SANDAG

Across the property categories, the biggest one-year decrease for both adults and juveniles was in the number of arrests for motor vehicle theft (-30% and -38%) (Tables 23 and 36). There were also fewer adult arrests for burglary (-4%), but slightly more for larceny (<1%) and petty theft (3%). For juveniles, drops were also seen in the number of arrests for burglary, larceny, and petty theft, but these declines were smaller in magnitude (-4% to -15%).

Alcohol- and Other Drug-Related Offenses

In 2009, there were 50,087 adult and 2,765 juvenile arrests for alcohol- and other drug-related offenses (Figure 10). For adults, this represented an increase of 1 percent from 2008 (Table 21). For juveniles, there was a decrease of 1 percent from the previous year (Table 34).

Figure 10
ADULT ARRESTS FOR ALCOHOL- AND OTHER DRUG-RELATED OFFENSES INCREASED OVER PAST YEAR



SOURCES: California Department of Justice; SANDAG

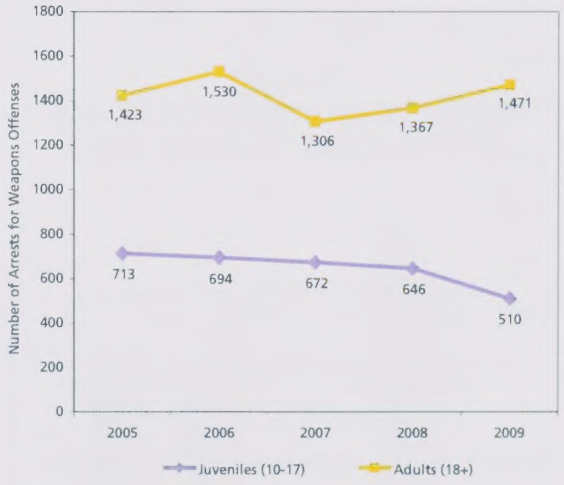
For adults, six of the categories in this offense type showed a one-year increase and the other four decreased. Specifically, there were more arrests for marijuana-related violations at both the felony and misdemeanor level, as well as for dangerous drugs (which include methamphetamine), and other felony-level drug offenses (which include illicit use of prescription drugs). In comparison, there were fewer driving under the influence arrests at both the felony and misdemeanor levels (-22% and -4%). For juveniles, there were similar increases in arrests for dangerous drugs and decreases in arrests for misdemeanor driving under the influence, but fewer felony-level arrests related to marijuana (Tables 24 and 37).

Weapons Offenses

There were 1,471 adult arrests and 510 juvenile arrests for weapons violations in 2009 (Figure 11). For adults, this represented an increase of 8 percent from 2008 (1,367). For juveniles, the one-year decrease was the fifth consecutive, with a 21 percent drop from 2008 (Tables 21 and 34).

For adults, arrests for felony-level weapons offenses were up (11%), but misdemeanor offenses were down (-4%) (Table 25). For juveniles, both level offenses decreased over the past year (-20% and -26%, respectively) (Table 38).

Figure 11
ARRESTS FOR WEAPONS OFFENSES UP FOR ADULTS, DOWN FOR JUVENILES



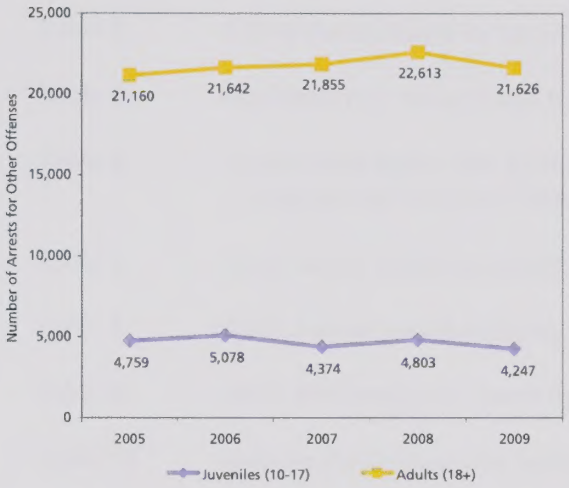
SOURCES: California Department of Justice; SANDAG

Other Offenses

There were 21,626 adult arrests and 4,247 juvenile arrests for "other" offenses in 2009 (Figure 12). At the felony level, "other" charges include sex-related offenses, forgery, and arson, as well as other felonies (such as kidnapping). At the misdemeanor level, offense types include other theft-related charges, sex-related and prostitution, disturbing the peace,

vandalism/graffiti, hit-and-run, selected traffic, offenses, violations of city/county ordinances failure to appear in court, and other charges such as contributing to the delinquency of a minor. Over the past year, there was a 4 percent drop for adults and a 12 percent drop for juveniles in these "other" offenses (Tables 21 and 34).

Figure 12
NUMBER OF ARRESTS FOR OTHER OFFENSES DOWN FOR ADULTS AND JUVENILES



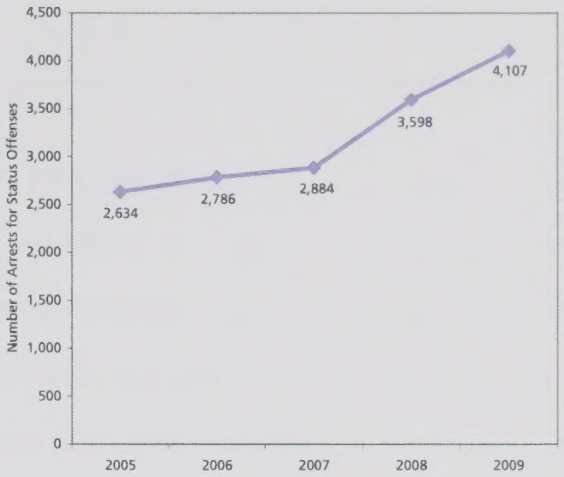
SOURCES: California Department of Justice; SANDAG

For adults, the most dramatic one-year declines included felony-level forgery (-14%) and misdemeanor-level prostitution (-19%), and disturbing the peace (-17%) (Table 26). For juveniles, each of the categories declined, with the exception of hit-and-run (15%) and violating a city/county ordinance (19%) (Table 39).

Status Offenses

Status offenses are those for which juveniles, but not adults, can be cited/arrested, such as violating curfew laws or truancy. There were 4,107 status offense arrests in 2009, a 14 percent increase since 2008 (Figure 13). Over the past year, the number of arrests for truancy increased the most (92%) (Table 40).

Figure 13
NUMBER OF STATUS OFFENSE ARRESTS HAS CONTINUED TO INCREASE



SOURCES: California Department of Justice; SANDAG

SUMMARY

The current CJ Bulletin describes what types of arrests were made in the San Diego region in 2009 by local law enforcement agencies. The arrest rate for both adults and juveniles was lower in 2009, compared to the previous year. While the juvenile arrest rate has traditionally been higher than the adult rate, the difference has declined over time and it is important to note that, in terms of numbers, many more adults are actually arrested each year (85% of all arrests). About one in every two adult arrests is for an alcohol- or drug-related offense, while juveniles show greater variation in the offense type leading to their justice system contact. Some notable changes over the past year in arrest rates included a double-digit drop in juvenile arrests for violent crimes, "other" crimes, and weapons-related offenses, but a significant increase in arrests for status offenses.
